To whom it may concern,

Morgan Kolson worked as a paid summer intern at DatAchieve Digital during the summer of 2016. Morgan served as a production assistant, supporting other staff members with a variety of projects. She has assisted in maintaining and updating websites, provided telephone support and customer service to our clients. Morgan has also actively participated in photo and video shoots and assisted with post-production and final editing of social media and web videos.

Morgan was a motivated intern, a team player and a quick learner. She has always been on time and completed her assignments quickly and efficiently.

I'm happy to be a reference to potential employers of Morgan. Please feel free to contact me with any questions regarding her time at DatAchieve.

Sincerely,

Norma Kolson

President, DatAchieve Digital
